Maintenance Held Useless

Pondered by county officials today were two important proposals which originated at the board of supervisors meet Tueday.

Before County Engineer U. S. Marshall was a proposal that the old county road over Pedro Mountain on the coastside be abandoned because it has been replaced by the new Ocean Shore Blvd. Supervisor Alvin S. Hatch advocated the abandonment.

The state notified the county that it was relinquishing control over the old mountain road, and Hatch maintained that it would be a useless expense to keep it in repair.

Recommendation of the San Mateo Junior Chamber of Commerce that a county publicity bureau be organized to correlate the advertising efforts of the county with the various cities was referred to County Executive E. A. Rollson.

The board authorized itself to attend the annual convention of the State Supervisors Association at San Diego Mar. 23-26.

The board renewed a contract with Pacific Gas & Electric Co. to supply energy to the Lomita Park Lighting District.

Collective Facts Promote Good Will At Johns-Manville

Johns-Manville indorses collective bargaining as "the democratic way" to promote friendly employe-management relations, according to the second of a series of employe policy folders released here today.

The folder, designed to put the company's work policies into writing so there can be no misunderstanding of them, was sent by Manager E. S. Hurrell to the homes of employes.

It points out that Johns-Manville not only believes in collective bargaining, but has practiced it for a long time. The folder says that the new federal laws on that subject require a change in the form, but not in the spirit that has prevailed at Johns-Manville plants for years.

"Johns-Manville welcomes the newer and more formal type of collective bargaining because it promotes understanding and good will," the folder states.

It says that the company will deal with any person or committee that the plant employes select. "It doesn't matter who it is," the company policy states. "It may be a committee of your fellow workers. It might be a national labor union. Or it might be an outsider."

All the company wants to be sure about is that the employes' representatives really represent them, the folder says.

The company is perfectly willing to sign any bargain it makes, according to the policy folder and "the company is willing to put into writing any bargain it makes—just as we are putting these policies down in black and white in folders so you will know exactly what these policies are," the folder says.

Mark Nesbit Injured In Fall at Hospital

Mark Nesbit, former equipment operator for the county road department who has been confined to Mills Memorial Hospital for 11 weeks with a knee injury slipped and fell at the hospital Sunday, dislocating his injured knee and necessitating several more weeks' stay in the institution.

Nesbit had donned his clothes for the first time since entering the hospital Dec. 14, had taken a few steps, then fell. He had expected to be able to accept an offer of employment to start Mar. 15.

The distance round the earth at the equator is 24,902 miles.

Civic Groups To Co-operate

County Fire Warden Bert L. Werder has announced plans to spread observance of Conservation Week, Mar. 7-14, throughout the month with co-operation of public schools, service clubs, lodges, and other organizations.

The National Forest Service, in recognition of the conservation work carried on in San Mateo County, is sending a new set of motion pictures to be shown in connection with the 1938 Conservation Week observance, Werder said.

His organization plans to make between 75 and 80 contacts in March in the interests of conservation, Werder announced. County fire fighting equipment will be placed on demonstration to show latest developments in tools, trucks, and methods.

L. A. Barrett of Belmont is chairman of the statewide committee on Conservation Week, which includes in its scope conservation of forests, beaches, parks, soil, water, and wild life.

Werder said he is receiving close co-operation from County Supt. of Schools Pansy Jewett Abbott, and her assistant, Miss Eleanor Freeman, in arranging programs at the schools.

"Best results in conservation work so far obtained have been through education," Werder said, "as most waste is not caused by wilfulness but by lack of knowledge. We may enjoy our natural resources to their fullest extent and still leave plenty for those who will follow us if we only will heed and observe the 'don'ts' and 'cautions' that are pointed out to us."

He asks the co-operation of all groups to set aside one meeting during the month for a conservation program, and offers the assistance of his department in arranging it.

Port To Charge Rent For Lumber Storage

If owners of lumber stored at Port Redwood City cannot or will not move it because of the AFL blockade of the CIO material, they should pay the port storage, members of the Board of Port Commissioners agreed Tuesday at a brief session devoted mainly to routine business.

On suggestion of Commissioner Edmund Scott, the board directed Manager Walter F. Murphy to effect an agreement with owners of the lumber to pay rent on space occupied by the material.

Discussion was also held of the possibility of repairing portions of the paved area damaged by rain, City Manager C. L. Dimmitt reporting that repairs would be effected upon cessation of the storms.

CITY HALL ENLARGEMENT, NEW LIBRARY ADJACENT SUGGESTED

Trustees, City Officials Give Consideration To Solution to Problem

A new suggested solution to the problem of Redwood City's crowded city hall and library was being considered today by city on the subject are to be obtained by the library board and Dimmitt, in accordance with instructions given by the city council last Monday that a definite plan be formulated by the library trustees for a new building to replace the present structure, now inadequate to serve the city.

Many phases of the problem were considered, including the advisability of selecting a west side location for any new building, but it was decided that it would be more officialdom.

The proposal, presented at a week-end meeting of library board members and City Manager C. L. Dimmitt, is for the present city hall on Middlefield Rd. to be enlarged and for a new library to be constructed on city-owned property adjacent to the hall.

Under this plan, the long proposed civic center would be well toward establishment.

Although the proposal is merely a tentative one, architects' ideas practical to build on property already owned. It was agreed that when the city shows a large growth it might become advisable to have a branch library, and that might be located west of El Camino Real.

That there is ample room on the city property between the present hall and the postoffice for a new building was ascertained. There also would be room to build an addition to the city hall, Dimmitt said.

One architect, Furber Libby of Godetia Dr., attended the session. Others are to be consulted as to their ideas, and invited to submit proposals.

Miss Wilhelmina Harper, librarian, submitted a tentative outline for interior plans for the new building, and Manager Dimmitt intends to prepare similar ones for a city hall, both of which will be available to architects.

The library proposal will be considered tonight by the American Legion, Post 105, which a week ago urged that the council consider a new library. The council and the library board both meet again next Tuesday, at which time they will give more consideration to the proposal.

Miss Harper's tentative plans, which it was believed could be incorporated in a $65,000 building which then would need about $15,000 worth of furnishings, included:

Adult reading room, seating 75 to 100 persons and containing newspaper file and magazine rack; children's room, seating 40 to 60; story hour room, seating 100; trustees room; rest room for staff; kitchenette; reference room; young people's room; librarian's office; cataloging room; work room; shelf space for 40,000 to 50,000 books and capable of extension; space for catalogs, bulletin boards, display cases and such items; stock closet, basement for heating system; space for unbound magazines, room for receiving shipments of new books and bound volumes; closets for janitor's supplies; lavatory for staff and separate one for public.

It was also suggested that a club room or auditorium for public use might be incorporated into the building.

Wife Wins $25,000 Estate of Policeman

Hugh Ridges, retired Chicago policeman who died in San Mateo Feb. 24, left an estate valued at about $25,000, according to William Evans San Francisco attorney, close friend of Ridges and one of the executors of the estate. Evans and Ridges' widow, Minnie W. Ridges, filed the will for probate here.

In the estate are real estate holdings in Burlingame and San Mateo, and securities.

With the exception of $50 bequests to two sons, Hugh Jr. of Los Angeles and John of Chicago, and to Jane Weatherup, half-sister living in Ireland, the estate goes to the widow.

LEAVES WIFE, KIN ESTATE

Merle A. Elliott of Burlingame, manager of the Alexander Balaart Co., coffee importers, left his estate, valued "in excess of $10,000," to his widow and two children. The will was on file for probate today in the superior court. Elliott committed suicide Feb. 10.

Chevrolet Sets Mark

OAKLAND, Mar. 3—Once again, Chevrolet has illustrated the truth of its decade-old slogan: "Select Chevrolet for Economical Transportation!"

For today word reached K. M. Chase, Pacific regional sales manager, from W. E. Fish, manager of the Chevrolet Commercial Car department, that Harry Hartz, in driving from Ottawa, Canada to Mexico City established a fuel economy record of 67.04 ton-miles per gallon. The trip was made under AAA auspices in a 1½-ton Chevrolet, carrying a payload of 4,000 pounds of steel.

The "vital statistics" show that the truck covered 3,022.2 miles between the two capitals in the twelve day run, averaging 252 miles a day and completing the journey in an actual driving time of 97 hours 21 minutes. Average speed was 31.04 miles an hour.

The Chevrolet-Hartz achievement stands as extremely sensational when contrasted with the record recently established in the Gilmore Yosemite Economy Run This run, which covered o course of 314.5 miles, made under the sanction of the AAA, credited the winning car with a showing of 55.93 ton-miles per gallon.

In the Ottowa-Mexico City run it required 208.73 gallons of gasoline, costing $40.06 which works out of a fuel cost of $.01339 a mile. The gasoline cost per ton-mile was $.00289. These figures reveal the remarkably high ton-miles per-gallon figures of 7.04, based on the vehicle's gross weight of 9,260 pounds.

Oil economy figures were similarly striking. Oil actually consumed totaled 2.92 quarts in 3,022.2 miles, the cost of the oil amounting to $1.07. Total cost of gasoline, oil and lubrication , Ottawa to Mexico City, was 43.84, for a total per-mile cost of $.0145 and a per-ton-mile cost of $.00313.

'Phone Firm Shows Gain in Business

The general upward trend of business conditions through all but the last part of 1937 was reflected in the business of the Pacific Telephone and Telegraph Co., according to a copy of the firm's annual report just received here by Manager R. G. Drake.

On Dec. 31, there were 1,783,205 company owned and operated telephones in service—highest number of record, and a gain of 7.2 per cent during the year. The gain the previous year was 8 per cent, the gain last year having been less after May than the year before.

Gross operating revenues were $113,015,543, an increase of 8.3 per cent over 1936. Total operating expenses, including taxes, were $91,735,181, an increase of 13.3 per cent. Taxes reached the highest figure ever recorded—$15,545,348—an increase of 16.3 per cent over 1936.

Wages were increased by $7,948,287 during the year, making the total payroll $52,491 118. This payroll was 53.9 per cent greater than that of 1933.

Gross construction expenditures in 1937 totaled $41,169,463, resulting in net additions to the property of $19,551,164. Gross construction expenditures were $9,796,047 and net additions $6,949,189 greater than in 1936.

Because of the increased expenses, balance net income was $1,478,726 less than in 1936, the total being $18,761,294. Dividends of $6 a share were paid on preferred stock and $8 a share on common stock.

'The Hurricane' Comes on Sunday

"The Hurricane," dramatic saga of the South Seas produced by Samuel Goldwyn and featuring Jon Hall, Dorothy Lamour, Mary Astor, C. Aubrey Smith, Thomas Mitchell and Raymond Massey, comes to the Sequoia screen for three days starting Sunday.

In this film, based on the novel by Charles Nordhoff and James Norman Hall, authors of "Mutiny on the Bounty," Producer Samuel Goldwyn was confident he had a story rich in every element of cinematic entertainment. "The Hurricane," as a book with its tender romance, its powerful drama, its picturesque setting and its unusual spectacle climax, is a story Producer Goldwyn felt to be outstanding material for the screen. And so with every production facility at his disposal, Director John Ford of "Informer" fame was given the task of skillfully adopting this rich and thrilling story to the medium of motion pictures.

The hurricane scene was brewed by James Basevi, the technical genius who so thrillingly recreated the earthquake scenes for "San Francisco."

Also on the same program with "The Hurricane" are the latest issue of the March of Time and "The Old Mill," a Walt Disney color cartoon.

Shown tonight are "Bringing Up Baby," starring Katharine Hepburn and Cary Grant, and also "Boy of the Streets," starring Jackie Cooper.

Naturalization Of Vets Urged

Attention of unnaturalized veterans of the World War was called today by local veteran leaders to the fact the act of Aug. 23, 1937, providing for speedy naturalization of certain veterans will be effective only for petitions filed before May 25.

The act, which refers only to white persons or Africans, provides:

1. For veterans of the United States armed forces, petition must be filed prior to May 25; applicant must live in the United States; applicant and witnesses must appear before an examiner to file the petition; proof of service and honorable discharge must be submitted; two years of United States residence must be shown; certificate of arrival required if admitted after Mar. 3, 1924; good moral character for five years must be shown; petition must be filed in person; oath of allegiance must be taken in open court.

2. For veterans of allied armies, same as above, with proof that the applicant was lawfully admitted in the United States for permanent residence and thereafter departed between August, 1914, and November 11, 1918, and actually served in the armed forces of the allies prior to Nov. 11, 1918, and was honorably discharged.

Application should be sent to the county clerk in the courthouse where forms may be secured, according to William Augustus, county clerk.

County Projects May Now Secure New WPA Funds

Signing of the $250,000,000 emergency relief appropriation bill by President Roosevelt has brought possibility of early approval of road, park, and water conservation relief projects in San Mateo County, according to Ronald Campbell, county planning commission engineer.

Ready for immediate approval is a countywide road improvement program estimated at $837,787.

Also pending is a comprehensive park improvement program submitted by the planning commission.

Campbell said he had received no information on water conservation projects submitted to the state planning board. Included are the proposed south county sewage disposal system, erosion control at Half Moon Bay, and in the Colma Creek basin, and work at Pescadero and Brisbane lagoons.

C. T. Maloney, M. P. Resident, Killed by Train

Series of Railroad Mishaps Reported In Bay Region

Cornelius T. Maloney, Menlo Park paving contractor, was instantly killed by a southbound Southern Pacific train when he walked onto the railroad right-of-way at the Oak Grove Ave. crossing shortly after 4 p.m. on Monday.

Mr. Maloney, who was 59, had been in ill health in recent years, friends said, and he was compelled to use crutches. They were found near the scene of the accident, one broken by the impact.

The victim's body was hurried back on the depot platform that parallels the right-of-way.

Fire Chief Thomas Cuff was called from the Menlo Park Fire District headquarters across the street to render first aid but found that Mr. Maloney already was dead.

SEEN BY FLAGMAN

Joseph Bagley, flagman on duty at the crossing, said that he had observed Mr. Maloney in the vicinity several minutes before the accident.

Surviving are Mrs. Francis T. Maloney, city treasurer of Menlo Park; two daughters, Mrs. J. Fisher and Mrs. William Hawkins of San Francisco; three sons, John, Joseph and Cornelius Maloney Jr. of Menlo Park, and two sisters, Mrs. Frank Derry and Mrs. Margaret Carroll.

SERIES OF MISHAPS

Mr. Maloney's death occurred in one of a series of over-night mishaps involving trains in the bay area.

Believed caught and dragged by a switching freight car at San Jose, John Williams, 60, hotel clerk, was so badly injured when found beside the tracks that he died at the county hospital there.

George West, 50, of Oakland, was caught under the wheels of an electric train there and suffered injuries from which he died shortly afterward. The train crew was unaware of the accident until flagged down by a witness.

Constable Lloyd Skeels of Morgan Hill miraculously escaped injury or even death yesterday when his car was crushed and thrown 40 feet by a freight train just south of Morgan Hill.

Cost Split Suggested For New Park Area

BURLINGAME, Feb. 28—Councilmen of San Mateo, Hillsborough and Burlingame today were studying a proposal advanced by Mayor F. P. Simmen of San Mateo on the proposal that Coyote Point be purchased for a recreational center for this area.

At a general "love feast" of councilmen in Burlingame, Mayor Simmen suggested a four way split of costs in the project.

Under Simmen's plan, Burlingame, San Mateo and Hillsborough each would share alike with the fourth equal portion to be paid by the county.

Although all the representatives of Burlingame and San Mateo could not be questioned, those present expressed belief that Hillsborough would pay its share of the costs. A delegation will contact supervisors to learn if the county will participate.

350 Hear Alameda County Labor Aide

SAN MATEO, Mar 2—Stating that the Committee for Industrial Organization was started to care for the millions of workers who were pleading for organization, Estold Ward, secretary of the Alameda Industrial Labor Council and member of the Newspaper Guild, spoke on "Industrial Unionism" last evening at the San Mateo Junior College before the Peninsula Forum. Despite the heavy rains, 350 people were present to hear the third of the talks dealing with labor and its problems. County Health Director C. C. Gans and his secretary, James Packwood, addressed the local affairs group.

London transport vehicles traveled 550,000,000 road miles in 1937.

SECOND CANDIDATE FILES

BURLINGAME, Mar. 3—Edward R. McDonald, Burlingame druggist and councilman for the past year, has filed his candidacy for a full term. McDonald becomes the second candidate C. A. Buck, 12 years a councilman, also seeks re-election. McDonald became a councilman a year ago when Walter High resigned.

Drunk Driver, Others Fined in Court Here

Judge Edward L. McAuliffe today had fined: Welch E. Elliott, San Francisco, a salesman, $200 for driving while under the influence of liquor. According to State Highway Patrolman R. B. Prince, Elliott nearly struck the patrol car in heavy Sunday traffic.

Others fined in the traffic session: John P. Cox, San Jose State College student, and Elwood W. Gill, San Francisco, $25 each for speeding; Leonard O. Eggebraaten, Palo Alto, $25 for failure to yield right-of-way; Marcel F. Simonetta, San Francisco, $10 on the county drunk ordinance; C. E. Head, San Mateo, $2.50 for failing to stop.

MENLO PARK NEWS

Church of the Nativity was crowded Thursday morning by relatives and friends who had come to pay their respects at the last rites for C. T. Maloney, Menlo Park pioneer and beloved in the community where he had lived all his life.

A large number of friends followed the remains to Holy Cross Cemetery, where all that was mortal of a good and pure man was laid to rest.

Monday evening, while crossing the railroad tracks at Oak Grove Ave., Mr. Maloney was struck by the southbound flyer and instantly killed. He had been ailing for some time and was compelled to carry crutches. Evidently he did not hear the fast approaching train and in his crippled condition was unable to clear the track.

Mr. Maloney was born in Menlo Park 59 years ago, the youngest son of the late Mr. and Mrs. John Maloney. He grew to manhood here, and as an early age learned the painter's trade with the late E. J. Crane.

Later he began a business for himself and enjoyed a large patronage, both here and in Palo Alto.

Mr. Maloney was a prominent Native Son, being past president of Menlo Park Parlor. He was one of the few remaining members of the League of the Cross Cadets organized here many years ago by the late Father Dennis Bailey. He followed the tenets of the society, which stated temperance from its members, until his death.

The organization went out of existence over 25 years ago, yet the deceased was always faithful to its doctrines.

The deceased was survived by his wife, Frances T. Maloney, city treasurer of Menlo Park; two daughters, Mrs. Jack Fisher of Redwood City and Mrs. William Hawkins of San Francisco; three sons, John, a prominent cartoonist in Los Angeles, Joseph and Cornelius Maloney Jr.; two sisters, Mrs. Frank Derry of Menlo Park and Mrs. Margaret Carroll of San Francisco; and a brother, Thomas Maloney, Redwood City.

Thursday evening the American Legion and its auxiliary, of which Mrs. Maloney is a member, went in a body to the Maloney home to pay their respects to the memory of the deceased, as did the Fraternal Order of Eagles, of which the deceased was a member for many years. The night before the Native Sons conducted a short service at the home.

Although the city election takes place Apr. 12, no one has as yet filed for the office. The term of three trustees expires, and while many names have been mentioned, none has filed though a few have secured the required blanks for signatures.

During the past 10 days large flocks of wild pigeons have come to the community from the mountains. The birds make their homes on the Flood and Hopkins estates. As they are game birds they cannot be killed, much to the regret of the hunter.

Rainfall for the season to date has been 19.56 inches, according to the rain gauge at the depot. Tuesday's precipitation was .89 inch. The season's rainfall is far ahead of last year's.

James Casey, who passed away in San Francisco last week, was well known in Menlo Park.

When the Flood mansion, now wrecked, used to be painted about every four years, Mr. Casey always came as foreman of the work and lived here for months. In that way he became acquainted with the citizens and formed many friendships that lasted through the years.

Native Daughters of the Golden West held the third whist party of the present series yesterday in Central School Auditorium.

Emma Roberta Lindquist is recovering from a sprained ankle which she injured while playing on a school apparatus.

Regular meeting of Menlo Park Post 448, American Legion, was held in Legion Hall on Oak Grove Ave. Plans for a whist party to be held this month were discussed.

The many friends of Mrs. Carroll A. Devol will be pleased to learn that she has recovered from her recent illness and is enjoying her visit with her son-in-law and daughter, Gen. and Mrs. Brett, in the Canal Zone. Mrs. Devol will sail for the states Sunday. She will visit relatives in New York, New Orleans and Seattle en route home.

Isabelle Weedem Lindquist and her mother, Mrs. W. H. Weedem, visited the latter's sister, Mrs. Charles E. Thomas, in Monterey the early part of the week.

CHIMNEY FIRE PUT OUT

Redwood City firemen were called to 247 Lincoln St., Sunday at 10:57 a.m. when a chimney caught fire but the blaze was out on arrival of the department's equipment.

MontananHeld As Witness In Double Murder

Redwood City police Monday arrested a Montana fugitive wanted for questioning as a witness in connection with the murder of two policemen at Shelby in December, 1935.

He is Jack Carter, alias John Raymond Blacker, 22, who eluded police at Ogden, Utah, where his wife is now in custody.

Chief of Police C. L. Collins and Officer S. E. Douglass apprehended Carter on a tip from Sheriff C. B. Alsup of Toole County, Mont., at 9:15 a.m. Carter, unarmed, made no resistance.

According to Collins, Carter had been in Redwood City for five days, and was seeking employment at the dyeing and cleaning establishment where he was arrested.

FACES FORGERY CHARGE

Sheriff Alsup advised Chief Collins that Carter "has a record in Montana for a stickup and in California for car theft and burglary. He is armed at least part of the time. We are very desirous of picking him up for questioning concerning murders of two officers here in December, 1935."

"According to one of his associates that we recently took to the Montana penitentiary, Carter can give us some valuable information," Alsup answered.

HAD EXPECTED BATTLE

Expecting a gun battle if Carter became suspicious, Chief Collins had Douglass stand guard at the door of the cleaning shop while he entered and placed Carter under arrest.

Carter at first denied, then admitted his identity, further checked by fingerprints, Collins said.

The police then searched Redwood City for Carter's indoor and discovered that he had been living with a family at Five Points for the past three days. None of his personal effects nor any arms were discovered, although Chief Collins said the search would continue.

He explained that Carter had worked for the dyeing and cleaning firm last summer, and had returned in search of employment.

Chief Collins, on the lookout for Carter after receipt of the tip from Shelby, was notified by the firm when Carter appeared this morning.

Who'll Fix This Tag? Maybe the Judge Will

State Highway Patrolman Chester Kraus "threw the book" at George Holmer, 35, Lomita Park, at 1:32 p.m. Saturday when he arrested him on El Camino Real south of Redwood City.

Holmer, a steelworker, is charged with driving while drunk, reckless driving, speeding, speeding without due caution, and driving on the wrong side of the road. Kraus said he was "doing 50" in heavy traffic.

Holmer is free on $500 bail.

Hearing Set Tuesday For Crosby's Nurse

Theodore C. Duffield, 29, male nurse in the sensational Crosby narcotics case, was arraigned in the San Mateo Justice Court this week afternoon on charges of aiding a felony, and preliminary hearing was set for 2 p.m. Tuesday.

Duffield is charged with assisting Charles H. Crosby, Piedmont millionaire, in his escape from a Belmont sanatorium, where Crosby was under technical arrest by state narcotics officers.

'Murder, Suicide' Verdict in Slaying

SAN BRUNO, Mar. 1—A verdict of murder and suicide was returned by a coroner's jury here today at the inquest into the double death of Mrs. Mildred Cornell, 28, and Dr. F. Holmes Smith, 58, former county health officer.

No new testimony was introduced at the hearing.

The jury verdict charged Mrs. Cornell with the murder of the physician, and attributed her death to suicide. The two bodies were found in Dr. Smith's office Feb. 19.

In a deposition taken by Coroner William F. Crosby, Dolores Anna Smith, the widow who is now confined to a hospital, characterized Mrs. Cornell as a patient who always seemed peculiar.

The toxicologist's report was negative, but it was established that Mrs. Cornell's system was upset by overdoses of thyroid tablets for reducing, and by daily steam baths.

Strikers Ask Jury Trials

Joseph McGuiggan, brought back from the state hospital at Ukiah to face charges of robbing a Daly City grocery store, was sentenced from one year to life in state prison when he pleaded guilty late Monday in Judge A. R. Cotton's court.

Also in Judge Cotton's court was Vincent Thompson, San Francisco, facing an intoxicated driving charge. Thompson was sentenced to four months in the county jail.

Frederick Davies, Napa, serving a 90-day term for battery, was allowed a week to plead to a bad check charge.

In Judge Maxwell McNutt's court, Wong Sing, alias Sing Wong Chan, alleged Menlo Park narcotics peddler, pleaded not guilty and waived jury trial. The case was continued two weeks to be set.

August Romera, Louise Esparza, and Madeline Caballero, arrested in the mushroom plant riots and held to answer to the superior court, entered pleas of not guilty and demanded jury trials. The case will be set for trial in two weeks.

George A. Secker pleaded guilty to a drunk driving charge and asked for probation. The case was continued two weeks.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Chamber Drive Set Under Way By Committees

With their sights set high, members of the Redwood City Chamber of Commerce's Visitation Committee were making their calls today, seeking new members for the organization.

Hoping to obtain enough funds for the ambitious program outlined Jan. 28, the committeemen are seeking more new members than ever before, with larger sums of money asked from each member, both old and new.

Calls at present are being made entirely to prospective new members, according to J. A. Buhler, chairman of the committee.

The chamber this year hopes to improve retail business through activity making for development of the residential sections by attracting new families here and through development of the industrial district by the luring of factories to Redwood City.

Students Plan Study Of Police Work Here

In connection with a study of the causes of crime being conducted by the Sequoia High School social problems class, taught by James M. Eva, each boy in the class is to spend three days studying work at the Redwood City Police Department under supervision of Sergt. Stanley Wood and Officers S. E. Douglass, W. H. Thorpe and Henry Mengle.

Fingerprints of the students were taken recently by Officer Douglass to be sent to the Civil Identification Bureau in Washington, D. C.

BAKERY DRIVER INJURED

SAN MATEO, Mar. 2—In an accident which saw cake and bread strewn onto the street, John B. Robohn of San Francisco, driver for the Langendorf Baking Co., suffered a broken left leg, possible internal injuries and an injured ankle yesterday. His truck and the car of Mrs. Dolores H. Wannicke, who was unhurt, collided, overturning the truck.

Court Holds Crosby On Narcotics Count

Although he reiterated his plea of "not guilty," Charles Hooper Crosby, Piedmont millionaire, was held to answer to the superior court late Tuesday on charges of violating the State Narcotic Act.

Crosby appeared for preliminary hearing before Police Judge Dudley H. Nebeker in Piedmont who granted reduction of bail from $1500 to $1000.

Meanwhile the nurse who is alleged to have helped Crosby to escape from technical arrest at a Belmont sanatorium, Theodore C. Duffield, is in the San Mateo County Jail awaiting his preliminary examination Tuesday on charges of complicity in a felony. Duffield was arrested by state agents Friday in Eureka.

Ben Jonson's dramatic works rank second only to those of Shakespeare.

Vocations, Activity Described to Pupils

Three classes at Sequoia High School have recently heard talks from outside speakers in line with various projects of study being undertaken in the classes.

George Lynn, editorial writer on the Call-Bulletin, who is the author of "Mulling It Over," described the work of a newspaper man for students of the journalism classes taught by Miss Louise Watkins. Lynn lives in Redwood City.

Capt. Paul Perussina of the California Highway Patrol spoke before the newly-organized safe driving class being conducted by John Way at Sequoia. "Applying for Licenses" was the topic taken by Captain Perussina, who afterwards answered questions on traffic problems. The United States history class taught by D. F. Gatchel was invited to hear Perussina.

Mohammed Shokoug, native of Persia, was a speaker before the social living class taught by Miss Camilla Low, dean of girls. Living conditions, transportation, styles, customs, communication and natural resources of his native country were described by Shokoug, student at Stanford University. He also displayed several Persian works of art.

The latest method of kidding fish is to squeeze synthetic bait from a tube onto a hook. It looks like a worm but it's only a rubber composition.

Miss Abbott Lauds Public Schools Week

The 19th annual observance of Public Schools Week will begin Apr. 25, and there has never been a time in our national history when there has been greater need for evaluating the objectives of the public school system, according to Pansy Jewett Abbott, county superintendent of schools.

In an appeal mailed to educators today, Miss Abbott urged that "those of us charged with the guidance of youth arouse the citizens of our communities to a better understanding and appreciation of the problems to be met in the classroom."

Club Federation Head Urges Pavilion Aid

Wayne Millington, president of the San Mateo County Federation of Improvement Clubs Tues. wrote to Governor Merriam urging favorable action on special legislation to enable the State Commission for the World's Fair to give Agricultural District 1-A $500,000.

Millington's letter argued against spending the money on a temporary structure on Treasure Island when it could bring permanent benefit at the agricultural district site in Bayshore City.

Parochial School Plans Disclosed

Detailed plans and specifications and a builder's contract for a $135,665 school and auditorium for St. Catherine's Catholic Parish in Burlingame were on file at the office of County Recorder T. Clark Rice today.

The two-story structure is to be erected around the present St. Catherine's Church at the corner of Park Rd. and Bayswater Ave. The contract was signed by Archbishop John J. Mitty. Pastor of the parish is the Rt. Rev. Msgr. T. E. Millett.

Plans, prepared by Architect H. A. Minton of San Francisco, call for construction of a large auditorium with stage, foyer and music room. In the other wing of the building will be a kitchen, cafeteria and club room. Connecting the two wings will be three class rooms.

Five more class rooms, a kindergarten, office and nurses clinic will be located on the second floor.

The contractors are Moore & Roberts.

Southern California estimates the value of its tourist business to be $216,000,000 a year.

Paul Robeson Jr., son of the Negro singer, is attending school in Moscow because Russia, his father said, is the only one of eight countries investigated where the boy could work and play without fear of race prejudice.

The poems written by Caedmon, seventh century Anglo-Saxon poet, have been lost, though paraphrases of his work survive.

Both Napoleon and Caesar were great administrators as well as great soldiers.
